Deals - 14/05/2024

Ogier's Corporate team in Ireland has advised leading Swedish maintenance software provider, MaintMaster Systems, on its successful acquisition of OEEsystems International - a Clonmel headquartered provider of manufacturing performance improvement software and expertise.

MaintMaster Systems (**MaintMaster**) is a leading cloud-based maintenance management (**CMMS**) developer headquartered in Sweden. It is a portfolio company of the Nordic software growth investor Monterro. Monterro acquired MaintMaster in 2020.

Led by partner Oisín McLoughlin, the Corporate team included associates Chelsey Heaney and Hugo Mahony, and trainee solicitor Lisa Quigley. Support was provided by Ogier's Real Estate and Employment Law teams in Ireland.

Oisín said: "Ogier were thrilled to advise industry leaders Monterro and MaintMaster on their acquisition of OEEsystems International. This is an important illustration of Ogier's capabilities in the private equity space and with supporting international clients. Entering the Irish market enables MaintMaster to continue to expand their maintenance management software offering. We look forward to supporting MaintMaster with their expansion into Ireland."
