

Now entering its' fourth year, Spectrum is an annual conference bringing together the financial services industry's leading industry representatives, innovators, and commentators with international governance and regulatory bodies and their representatives.

This unique forum discusses global issues and opportunities impacting the financial services industry and promotes the benefits of International Financial Centers (IFCs) and international financial services to the global economy.

Ogier Partner and Head of Dispute Resolution Cayman Islands, Jennifer Fox will be joining the panel discussion titled "*Innovations in Wealth Management and Asset Protection*" which will explore innovative solutions and strategies for managing wealth, asset protection, succession planning, and estate management. Ogier Partner and co-Head of the global Technology and Web3 team, Chris Wall will be moderating the panel discussion titled "*AI Integration: How Will It Transform the Financial Services Landscape in the Cayman Islands?*" which will explore the dynamic role of AI in enhancing operational efficiencies, risk management, and customer experiences within the Cayman Islands' financial industry.
