

Save the date for the very first London-based Guernsey Sustainable Finance Seminar.

The event will feature two panel sessions, focusing on emerging sustainable finance trends where Guernsey has expertise, including sustainable investment, biodiversity, disaster response and humanitarian aid.

Themes include global perspectives on net zero and Guernsey's unique expertise as a leading jurisdiction for sustainable finance.

Sustainable finance is a golden thread that runs through every sector of Guernsey's specialist financial services industry.

Guernsey is a global leader in the sustainable finance space and a founder member of United Nations Financial Centres for Sustainability (UNDP FC4S) Europe, a member of the Network for Greening the Financial System (NGFS) and the Sustainable Insurance Forum (SIF).
