

The Luxembourg Meeting for Private Markets Investments 2025 (LUMPI) is a significant German-speaking conference for private market GPs of the DACH region. The range of asset classes includes private equity (primary/secondary/co-investments), private debt, infrastructure, real estate and venture capital.

We are pleased to announce that Milan Hauber, our Investment Funds Partner at Ogier, will be attending the LUMPI Conference. Milan looks forward to engaging with peers, sharing expertise, and exploring new developments within the industry.
