

Ogier the only offshore firm to be ranked top tier across the board in new Chambers HNW Guide

News - 26/07/2021

Ogier's global Trusts Advisory Group is the only offshore private client team to achieve a top tier ranking across its Cayman Islands, Guernsey and Jersey teams.

The rankings come after a number of years' significant growth for Ogier's Trusts Advisory Group, and cement Ogier's status as the firm of choice for both contentious and non-contentious private client work offshore.

Client feedback describes Ogier as a "big heavy-hitter in the private client world" and cites the team's combination of technical expertise and commerciality as a key strength, with one client saying "it is not that often that you find people who can do both".

Alongside the service-line rankings, 11 members of the team have achieved individual rankings.

Global head of Private Wealth James Campbell said: "We're delighted to see the team's strength in depth reflected in the new Chambers HNW Guide. In a world of complexity and change, we know that clients need both commercial, to-the-point advice and a trusted relationship with their legal advisers, and I'm delighted that our focus in this area is reflected in the experience clients have of our services."

Global head of trust disputes Rachael Reynolds said: ""I'm delighted to see this recognition for the Trusts Advisory Group, which really demonstrates our strength in depth across our contentious and non-contentious offering. As we continue to grow and expand our capabilities, we never lose sight of the fact that our clients are looking for first-class legal advice that's also commercial, and for a human relationship with their advisers."
