

Restructuring and Insolvency measures: a jurisdictional comparison

Insights - 21/04/2020

As governments around the world look to bring forward packages of measures to help companies deal with COVID-19 related insolvency issues, Ogier's global Restructuring and Insolvency

team has analysed the proposed or anticipated reforms across the jurisdictions whose laws we practise – BVI, Cayman, Guernsey, Jersey and Luxembourg.

Our analysis covers three key areas:

1. Domestic business and domestic trade-licensed entities
2. Regulated business (domestic and international)
3. International business

In the context of what is anticipated to be a difficult economic environment for many in the coming months, these law changes and other measures provide welcome practical assistance to facilitate restructuring in order to keep businesses going.
