

This is the second webinar in the Ogier series examining private client issues which may be affected by COVID 19.

During this webinar Victoria Grogan and Simon Lofthouse will cover the steps that you should consider taking to ensure that your wishes and requirements, both in respect of your property and affairs and health and welfare, will be properly considered in the event that you lose capacity.

The webinar also will highlight what Ogier has recently done to ensure that clients can put lasting powers of attorney in place from the comfort and safety of their own home.

We will be discussing the following topics:

- Putting in place a lasting power of attorney (Jersey residents)
- Registering a foreign power of attorney (non-Jersey residents)
- ADRT's
- [Ogier's online LPA portal](#)
