

Ogier is a proud sponsor of the 100 Women In Finance Webinar "*Current Trends in Raising and Investing Capital in Alternative Investments*".

Technology, the search for alpha, ESG concerns and the COVID pandemic are all affecting how fund managers structure their offerings and which opportunities investors decide to pursue.

Learn what lies - or should lie - at the top of the agenda for managers and for investors - and does that always align. Is a niche strategy the next wave? Are hybrid funds the new normal? Is there a trade-off between impact investing and returns?

Consider how you will incorporate these insights into your firm's funds or into your recommendations to your clients, not to mention your own portfolio.

Ogier Partner Joanne Huckle will moderate the panel, which will include:

- Cynthia A. Marian - Greenberg Traurig
- Anna Lavins - HS Group
- Asha Mehta, CFA - Global Delta Capital
- Eva Shang - Legalist
